

Alternative Energy Research Notes

Name _____

Date _____

You must research and write a persuasive paper to convince your peers to switch from fossil fuels to a cleaner, green (renewable) energy. Research the following questions to help you write and then share your poster and findings with the class. (Answers must be in your own words and in complete sentences).

- Describe the alternative energy source.
- Where is that energy produced?
- How is that energy produced?
- Is there more than one way to collect and use this type of energy?
- What are the advantages and disadvantages of this type of energy?
- In your own words, explain why it is beneficial to use this type of energy.
